ChoirWorks 2026 AGM, Tuesday July 21, 8pm, at Queen Alexandra Hall, Coorparoo

- The AGM is a business meeting required by law for compliance as a not for profit charity. As such, it will be kept short so as not to impact rehearsal time too much.
- A formal notice of meeting, plus the agenda, the minutes from last year, along with the required reports from the president, treasurer and director of music, will be circulated during the next few days.

And finally ...

A prize-winning choir from South Africa with a great version of *Get Away Jordan*: this brings back memories of our workshop with Michael Barrett earlier this year – especially watching the economical movements and remembering his stories of people singing on their way to church!
